

Introduction to cardiac MRI for radiographers

Programme

09₀₀

Welcome

09₁₀

Cardiac anatomy and imaging

Dr Ben Ariff
Consultant Radiologist,
Imperial College NHS Trust

10₂₀

Physics – bright blood and black blood techniques

Dr Ben Ariff

11₁₀

ECG synchronisation and k-space segmentation

Ben Statton
Superintendent Radiographer, MRC
London Institute of Medical Sciences

10₅₀

Break

11₅₀

Ischaemic heart disease and adenosine stress perfusion

Dr Gajen Kanaganayagam
Consultant Cardiologist,
Imperial College NHS Trust

13₃₀

What clinicians need from CMR

Dr Declan O'Regan
Consultant Radiologist,
Imperial College NHS Trust

12₅₀

Lunch

14₁₀

Physics II – imaging flow and late gad enhancement

Ben Statton

15₂₀

Image optimisation techniques

Alaine Berry
Senior MRI Radiographer, MRC
London Institute of Medical Sciences

15₀₀

Break

15₅₀

Stress Perfusion MRI from a radiographer's perspective

Alaine Berry
Senior MRI Radiographer, MRC
London Institute of Medical Sciences

16₂₀

Quiz

16₃₅

Close
